Railroads Accept the Decision; Brotherhoods Expected Follow Suit

Grand Council Now in Session and Will Say If General Strike Called.

MEN GET SIXTY PER CENT OF AMOUNT ASKED

Workers Are Asked to be Patient Until Back Time Can be Figured Out.

CHICAGO, July 20.—Wage increases totalling \$600,000,000 a year today were granted to the 1,800,000 railroad workers of the country by the U. S. Railroad labor board. The award is approximately 60 per cent of the increase demanded. Immediately after announcement of the award, copies of the board's decision were distributed among the representatives of the sixteen big railway brotherhoods. These delegates, comprising the grand council of the brotherhood, went into session at 10 o'clock this morning to determine whether they will accept or reject the award. On their decision rests whether the country's railroad workers will remain on their jobs.

It was believed, as the grand council was called to order, that the meeting would last all day. The meeting was an executive session.

A general sentiment prevailed among railroad executives and brotherhood chiefs alike that the award ultimately would be accepted. The increase, according to the terms of the award, is made retroactive to May 1 of this year. This means that the rail workers on their next pay day will have the grand aggregate of three months' back pay coming to them in addition to their old wage for the current period. In this connection the labor board, taking into consideration the enormous amount of clerical work required to work out the back pay, urged the rail workers to "Exercise patience and refrain from unnecessary pressure or criticism."

The award affects nearly 1,000 different classifications of employees. Official copies of the award were handed by Chairman Barton of the board to B. M. Jewell, representing the brotherhoods, and E. T. Whiter, representing the railroads.

On behalf of the latter, Mr. Whiter said: "The railroads will accept this schedule and make every haste to put it into effect."

Mr. Jewell said that any comment on behalf of the rail workers must come from the general council. Practically every railroad in the U. S. is named as affected by the decision.

In arriving at its decisions, the board considered the following points: 1—Scale of wages paid for similar work in other industries; 2—The relation between wages and the cost of living; 3—The hazards of the employment; 4—Training and skill required; 5—The degree of responsibility; 6—The character and regularity of the employment; 7—Inequalities on increase in wages or of treatment, the result of previous wage orders or adjustment.

RATE INCREASE NOW (International News Service)

CHICAGO, 20.—Following announcement of the award of the Federal labor board, railroad executives expressed the opinion that both freight and passenger rates would now have to be raised to meet the 21 per cent boost granted the railroad workers.

Baltimore Scene of Big Fire Today

JACK JOHNSON ON WAY TO CHICAGO

(International News Service) TIA JUANA, MEXICO, July 20.—Jack Johnson, negro pugilist, who for six years has been a fugitive in foreign lands, has turned his back on Mexico, his last place of refuge, and will surrender today to the United States.

By Wednesday night Johnson will be enroute to Chicago to face the one-year white slave sentence which he fled from. Sheriff Cline, of Los Angeles county, came here today to conduct the negro across the international line.

At 10:30 a. m. the negro surrendered to U. S. Deputy Marshal Cooley at the international boundary line. Sheriff Cline, of Los Angeles county, had brought the negro to the line.

HIGH FOOTBALL TEAM WILL NAME ITS CAPTAIN TONIGHT

Practice Will Start in Next Few Days. Good Season Predicted.

Members of last year's Albany high school football team and candidates for this year's squad will meet at the Y. M. C. A. at 7:30 o'clock tonight to elect a captain and manager for the 1920 season.

Charley Carr, star of last year's team, who was forced out of school when he suffered a broken collar bone in the last game of the season against Cullman County high, is slated to be elected captain. Carr plans to re-enter school at the beginning of the 1920 term. Alexander, another crack half of last year, is expected to be in school again and prospects are good for one of the best football squads in state high school circles.

Albany last year won the municipal high school title of North Alabama and this year Coach Templeton will try for the state championship. Practice will be started within the next few days and by the time school opens the team will be in fairly good condition. Charley Royer, crack full, has taken on much weight during the winter and summer and when he goes into action against opposing teams this year he will have the advantage of nearly fifteen pounds. Royer was a consistent ground gainer last year and with his year of experience and added weight should star this season. With Alexander, Royer and Carr in the backfield, few high school teams in the state would be as well fixed for ground gainers.

Watson, end of the Decatur Athletic club team in 1919, will enter the Albany high school, it is reported. He will strengthen the high squad. The team this year will be without the services of Bell, linesman, and Shelton, end and sub-quarter, both of whom graduated. All other members of the team, with the possible exception of Huller, center, are expected to be in school again. There is a wealth of new material and as last year's squad was built with practically all green material, Coach Templeton's purple jerseyed crew should carve a name in the football hall of fame.

PROFITEERING AND DIVORCE PROBED BY GRAND JURY

HUNTSVILLE, July 20.—Declaring his belief that perjured testimony has prostituted the working of justice and efficiency of the Madison County Courts hearing divorce petitions and that he believes prices charged for the necessities of life far too high in Madison County, Judge Oecola Kyle of Decatur, issued special instructions for the grand jury to investigate these two conditions at the opening of the Circuit court of Madison county Monday morning at 10 o'clock.

The Grand Jury was charged at great length and detailed by Judge Kyle with regard to their duty, etc. Stress was laid by Judge Kyle along the lines of investigating the number of divorces granted in Madison county and upon the profit made by those dealing in the necessities of life. According to the law of Alabama a person who deals in fuel, food, and clothing who charges more than a reasonable profit for his handling is guilty of profiteering and should be punished, so Judge Kyle informed the jury. Carmon O. Davis of Whitesburg was selected foreman with Deputy Sheriff Saunders as Baliff.

Herd Christians in Church, Then Apply the Torch

(International News Service.) LONDON, July 20.—1,500 Christians are said to have perished when Turkish nationalists set fire to a Greek church at Fouladjik, according to a Constantinople dispatch today. The Turks were said to have herded a majority of the Christian population of Fouladjik and applied the torch to the building.

BIG SUM WILL BE SPENT BY DECATUR IMPROVING PUBLIC SCHOOL BUILDINGS

Two New Rooms Will be Added to Annex on LaFayette Street.

DOORS BE CHANGED TO OPEN ON THE OUTSIDE

Growth of Schools Makes Additional Rooms Necessary for Next Term.

More than \$2500 will be spent by the city of Decatur on improvements to the Decatur public school building annex before the next term of school begins. The improvements, as mapped out by the city council and school board, call for the construction of two additional rooms to the annex on LaFayette street to take care of the large increase in enrollment in the schools.

The main building will be thoroughly renovated and in accordance with the safety-first precautions now being taken in all modern schools, the doors in every class room will be changed to open on the outside into the corridor. In case of fire or other need for a quick departure from the building, the students would be unable to "jam" the doors when the improvements are completed.

The growth of the Decatur schools in the past few years has been very rapid and last year a former residence on La Fayette street was used for several of the lower grade classes. The enrollment this year is expected to exceed last year's by a large number and the two new rooms are considered necessary to care for the overflow.

C. A. WORTHINGTON DIES AT HIS HOME

BELOVED ALBANY RESIDENT PASSED AWAY EARLY LAST NIGHT

C. A. Worthington, 40 years a resident of the Twin Cities, died last night at his home, 810 Fourth avenue east, following an illness of nearly four years. Mr. Worthington was 59 years of age. He was born in Arizona, Ontario, Canada, but removed to Alabama when he was but a youth. For many years he was yardmaster here for the Louisville and Nashville railroad and he was known and beloved by railroad men on all sections of the Nashville-Montgomery division.

The deceased is survived by his wife, three daughters, Misses Loraine and Edythe Worthington and Mrs. David Gibson, of Albany; three sisters, Mrs. John Mathews, of Birmingham, Mrs. F. R. Luckam and Miss Worthington. The latter two reside in Canada.

Funeral services will be held Wednesday afternoon from the residence at 2:30 o'clock, conducted by Rev. W. P. Wilks, pastor of the Central Baptist church. Interment will be made here.

DAILY ADVERTISING

The Atlanta Constitution has a recent editorial on the consistent advertiser, who keeps his publicity before the people at all times. In business circles the man who recognizes that the way to advertise is continually, is the man who succeeds. This fact needs no argument.

The Constitution says:

"The Philadelphia Record," in an article on advertising, makes the point that the "shrewdest advertiser recognizes no seasonal slackness."

"What it has to say of brisk summer business in Philadelphia applies to all other progressive towns and cities. The people that have gone on summer vacations have not depopulated many towns. There is untold buying during July and August, as well as in November and December."

"It is pointed out that while there may be a difference in the goods to be sold, there is always the population with its infinite variety of wants that must be supplied."

"The wide-awake advertiser realizes this, and that it is to his interest to keep up the advertising campaign."

"Therefore, his daily announcements appear as usual in the advertising columns; he reaps a goodly harvest all the year round."

"No town can afford to 'slow up' as to any of its enterprises because of the 'summer season.' There is no really 'dull' season in the business dictionary of brisk, advancing communities. The buyers who make business are always with us, and eager to know, through the advertising columns, what the home merchants have to sell."

"Clearly," says The Philadelphia Record, in summing up as to all-the-year advertising, "this is no time to lie back in advertising campaigns and to imagine that nothing can be accomplished because of the heat."

A STOUT YOUNG MAN WHO WENT WRONG

There is no use to waste sympathy on Joachim Hohenzollern, sixth son of the former Kaiser, who took his own life at his modest apartment at Potsdam. The sentimentally inclined will be pardoned if they drop a tear at his sudden ending, for they are little given to a full consideration of the facts. That he was born a prince will appeal to the snobbish; that he was reputed to have been wounded during the world war will appeal to the brave; that he had the nerve to pull a trigger that sent a bullet crashing through his heart will appeal to the melodramatic. But in the face of all this it must be remembered that he did not have the sheer courage to meet new conditions nor the initiative to become a useful citizen.

Just at this time the world needs stout young men. Germany needs them more than any other nation on the globe. This man who was born a princeling could have done his bit to atone for the wrongs that his father had inflicted upon his Fatherland. He could have welded a shovel or a pick. He might have gone down into the coal mines and helped his government deliver its 2,000,000 tons of coal monthly to the allies, for it was his family and himself that had fastened this burden upon his people. He could have become a leader in the restoration of Germany to a position of independence. Instead, he took the easiest way out and by his untimely exit from life helped to demoralize anew the fallacy of "the divine right of kings."

Thought.

Men fear thought as they fear nothing else on earth—more than ruin, more even than death. Thought is subversive and revolutionary, destructive and terrible; thought is merciless to privilege, established institutions and comfortable habits; thought is anarchic and lawless, indifferent to authority, careless of the well-tried wisdom of the ages. Thought looks into the pit of hell and is not afraid.—Bertrand Russell.

A TRAIN OF THOUGHTS FOR THE SABBATH AND OTHER DAYS

It is easy to denounce as a fool, the former owner of that mangled and ruined body which now lies somewhere below the Niagara Falls. But is he the only fool involved? No. Had England not been full of other fools, this poor man might now be safely plying his trade as a barber. Wise men are only supposed to make other wise men; fools are sure to produce their kind. The dead adventurer reasoned correctly enough. He said to himself: "If I can shoot the Falls, in my barrel of Russian oak, later I can make easy money lecturing in dear old England, and incidentally I will not have to work any more." However little he knew, this barber knew enough to know that human beings—the bulk of them—will flock by the thousands to pay to see a man who had "shot" the great falls, even when they knew at the same time that such a man must look the same, think the same and be the same that he was before the adventure.

Satisfying our curiosity and following fake heroes are perhaps our most frequent and most foolish pastimes. Think it over for yourself and see? Did not curiosity have a lot to do with Eve and Adam eating the forbidden fruit? And must not following a dashing though fake leader like Satan have had a great lure? Just to see if a bad boy trader had not lied to him about the "rubber centre" of his newly bought yarn ball caused a certain little boy to take an axe and whack the ball open. Just to see if society is really as rotten as "they say" it is causing the Bolsheviks to try to cut the world in two! As for people following untold leaders? The very doubt about the character of many a leader has only spurred his followers to follow the closer! People have been so determined to know for themselves if their leader was really as corrupt as he was reported, that they have put him to the test with their all. This daredevilism—this fool curiosity mixed with laziness has caused many a war, many a fight, and many an illegal strike.

When it comes to following an easy adventure that promises much, and

NEIGHBORS COULD SEE HOW FAST SHE WAS IMPROVING

"Flu" left her in a very bad state of health, weak, pale, nervous, backache, no appetite and couldn't sleep

Now claims that she is strong again, and can walk twice as far as before, and feels good all the time. Gives the credit to Dreco.

"Last December I had the 'Flu', and had never gotten over it, for I was still quite weak, had no color, was very nervous, and often had the backache," declares Mrs. J. L. Scott of 608 Randolph Street, Montgomery, Ala.

"I couldn't walk far on account of getting so tired, and I was so nervous that I would jump at every sudden noise. My appetite was very poor, and I hardly knew what it was like to get a good night's sleep."

"One bottle of Dreco has wrought a big change in my condition, so much that my neighbors often remark about, and one of them, an elderly lady, got me to bring her a bottle of it the other day, and she is feeling much better."

"I now sleep well, my appetite is good, the color has returned to my cheeks, I never have a backache, and my strength has greatly increased, for I can walk anywhere and it doesn't tire me out. I wish that every weak, sick, nervous, pale woman knew what this great remedy Dreco."

All druggists now sell Dreco and it is being especially introduced in Albany by the Albany Drug Co.; in Decatur by the Hilda Drug Co.—Advertisement.

following a "rotten leader" our fallen race beats the band and takes the cake! Shakespeare put it very mildly when he described this kind of humanity with the harmless words: "What fools these mortals be." If it had been Sherman talking he would doubtless have added one other word, to the description.

The upshot of this whole talk is, to try to get us all to realize, that it is foolish to try to get out of work as the Niagara barber evidently was trying to do; it is foolish to spend our time and energy for the mere satisfaction of curiosity, and most of all it is absolutely foolish to follow untold leadership.—J. E. Blair.

ELKMONT SPRINGS HOTEL IMPROVED

RESORT WILL BE MADE INTO ONE OF MOST ATTRACTIVE IN SOUTH.

TRACT OF 20 ACRES WILL BE MADE VERY BEAUTIFUL RESORT.

The Elkmont Springs property, including 20 acres surrounding the springs, recently bought by Clay and Hagan, of Athens, is undergoing extensive improvements and the resort will be made into one of the most attractive in the South. Included in the improvements to the hotel is the installation of hot and cold water in every room. Electric lights already have been installed. The dancing pavilion has been completed and a permanent orchestra employed for the season. Dances are a nightly feature.

The hotel is under the capable management of Mrs. W. R. Hunter.

Among the Athens people registered at the hotel over Sunday were Mr. and Mrs. P. H. Clay, Mrs. L. M. Warten, W. J. Hagen, and Mrs. Hagen, J. E. Lyon, Malone Hagan, Judge Geo. Malone, Clarence Frost, H. Y. Jordan, Misses Sallie B. and Rebecca Malone and their guests, Misses Debrell and Chew, W. C. Hatchett, Keith Ryan, Lifford Cole, Erdie Beasley. Also Miss Gladys Garrison, of Albany, Miss Verna Merritt of Minor Hill, Tenn., and G. D. Stewart of Garden City, Tenn., Mrs. J. Will Wyker and Belle Wyker, Decatur.

Spiders and Good Fortune. Spiders, according to superstition, are omens of good fortune, therefore to kill them provokes wrath and invites disaster. Superstitious people will tell that the bride who finds a spider in the folds of her wedding gown may look forward to a married life of great prosperity.

State Bank Deposit Report Submitted

SIMS FILES STATEMENT GIVING COMPARISON OF RECEIPTS IN THE STATE

(Montgomery Advertiser) A statement of considerable interest has just been received by the Alabama state banking department, from R. N. Sims, Secretary-Treasurer of the National Supervisors of State Banks. This statement which sets forth a comparison between the growth of state and national banks, shows that at the present time, state bank deposits are over \$7,224,000,000 greater than national bank deposits, and that state banks carry approximately \$2,696,210,000 more loans than the national banks. At the same time, resources of all state banks total \$71,661,555,000 in excess of the resources of national banks.

One of the most interesting features of the statement, according to Assistant Superintendent J. J. Banks Keener, is the fact that the increase in resources of state banks since January of the present year has been almost two billion dollars greater than the increase in resources of national banks since June 30, 1919. The loans discounts of state banks have increased almost two and a half billion dollars since January 1920. Mr. Keener says against an increase of \$909,061,000 in national bank since June 30, 1919. This remarkable difference he says, may be explained in part by the fact that the state banks have a much wider field than national banks, especially in the rural districts and a great part of loan made went to farmers to be used in making the 1920 crop.

"On the whole," Mr. Keener says "we are much gratified with the showing made by state banks all over the United States, particularly in Alabama."

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Albany readers.

Mrs. E. B. Nappes, 609 4th Ave., Albany, says: "At the time I used Doan's Kidney Pills I was generally run down. My kidneys were weak and caused me much annoyance and my back would hurt terribly any time I attempted to do any sweeping or dusting. The pains extended into my shoulder blades and through the back of my neck and top of my head. Reading good accounts of Doan's Kidney Pills, lead me to try them. I was more than pleased with the results and one box entirely cured me. I am glad to tell others of this remedy."

Local Moses Found In Bullrushes and Is Named "Albany"

A local Moses was found in the bullrushes here this morning when Groenendyke discovered a three-day old infant wrapped in rough sackling 15 feet from the Somerville pike, near the Albany ferry landing. The discovery was made shortly after 11 o'clock and the baby boy will be taken to the Benevolent hospital. The baby was named "Albany" by officers who began work on the case immediately. It is understood they have a clue to the person who placed the infant in the riverside bushes.

Morgan County Men Make Application Vocational Training

W. C. Moore, Field Agent from the New Orleans Office of the Federal Board for Vocational Education, reports that a fine spirit of co-operation was shown by the people of Morgan county in the recent vocational training campaign. Only in this way can the benefits of training for more suitable occupations be brought to the attention of the disabled veterans of the World War. Many of the boys, who are eligible for training realize the advantages offered and eagerly go into the proposition. Others, however, need to be encouraged and led to see that—because of the effects of their present work on their health, or for their present or future material success, they should let the Federal Board train them for more suitable occupations.

Miss E. W. Nelson, Secretary of the Morgan County Red Cross, with headquarters in Decatur, was able to render especially valuable assistance towards locating the disabled men, and it is hoped that still others will make

application through the Red Cross office or the Federal Board if they so desire. Letters should be addressed to Mr. L. R. Fuller, Federal Board for Vocational Education, 418 Maison Blanche Annex, New Orleans, La.

The following men were furnished with transportation to Birmingham in order that they might appear before a case Board in connection with applications for vocational training: Seaborn James, Falkville; William E. Hann, and John Gurley, Somerville; Otis P. Jackson, Decatur; John A. Glover, Earnest L. Carpenter and Jack N. Chase, Albany.

Other men with war disabilities, who are not able to return successfully to their former occupations and who failed to get in touch with the representative of the Vocational Board should, without delay, see Miss E. W. Nelson, Secretary of the Morgan County Red Cross. Miss Nelson will be glad to assist these men in making out their applications for training. It is hoped that a number of disabled men will be led to see and feel their need for rehabilitation and will grasp the opportunities offered by the government.

Mr. Moore did not see the men whose names are listed below:

James Arthur Clark, and Frank B. Arnold, Falkville; Porter H. Warren, Simon T. Owens, Josephus Aldridge, Albany; James B. McAnally, Somerville; A. Lott, Hartselle; William Southern, Decatur; Pratt James, Woodland.

If any of the readers of the Albany-Decatur Daily know the present whereabouts of any of these men, they are urgently requested to send this information to the Federal Board for Vocational Education, 418-Maison Blanche Annex, New Orleans, La.

COUNCIL MEATS

Better Meats That Cost Less
No Waste - No Ice Needed
Always Tender
Ready-Cooked To Perfection

Only pay for the meat you eat—not for the trimmings and waste

WHEN you pay sixty or seventy cents for a piece of meat, a goodly part of it is wasted because you can't eat all the meat you buy. There are the fat and bones and trimmings—all paid for at the price of meat—and only a little of the fat can be used, the rest is just a loss. Besides which, uncooked meat contains much water that is lost in cooking—but you've paid for the water at meat prices.

But there is a way to overcome that loss, which is 15% or 25% of what you spend on meat today.

And that is by buying ready-cooked, wholesome and delicious Council Meats. There are many varieties of Council Meats—Veal Loaf—Roast Beef—oh, a host of good meat dishes—all so easily prepared! Why you'll be just a few minutes fixing the meat course for breakfast, luncheon or dinner.

But the goodness and the ease of preparation are minor advantages compared to the real economy you will find in buying ready-cooked Council Meats instead of meat you have to trim and cook.

GOODYEAR

MOORE REFUSES TO ACT AS CHAIRMAN

DEMOCRATIC NATIONAL COMMITTEE THEN GOES INTO SESSION AT COLUMBUS

(International News Service)
COLUMBUS, O., July 20.—E. H. Moore, of Ohio, has definitely refused to accept the chairmanship of the Democratic national committee, Gov. Cox announced at 12:30 o'clock today following a two hour conference in which the Gov. Cox tried to persuade Moore to accept the post. Meantime the national committee delayed going into session until the conference was over and it was learned what Moore's attitude would be.

The Democratic national committee convened at one o'clock this afternoon. Gov. Cox stated that in view of the refusal of Mr. Moore he would favor no particular candidate for the chairmanship. The national committee recessed then until four o'clock.

Railroad Briefs About Town

Samuel E. Roper, system chairman of the shop crafts of the L. & N. R. R., is on his way to Chicago, where according to appointment he will attend a meeting of the central chairman of all the railroad workers of the nation. The object of this meeting, as stated by "Labor" and other working men's publications, is to confer on the wage scale to be promulgated by the committee of 9, charged by the government with fixing a new scale of wage for the entire force of R. R. workers of the nation. It will be the duty of Mr. Roper and his associates to submit the report of the wage board to a referendum vote of all the 14 brotherhoods affected, for either their acceptance or rejection. Contrary to the idea of some, a local union man pointed out that in case the wage scale was rejected, it would not necessarily mean a strike, but that the different chairmen would be instructed to ask the negotiation of another wage scale, in place of the one to be submitted on or before July 20. According to instructions from B. M. Jewell, president of the R. R. employes department of the A. F. of L., and all of the national chairmen of the several crafts, absolutely no attention is being paid to newspaper reports and early forecasts as to the new wage scale. The men are expected to get the first news from the wage board direct from their general chairman.

Richard Nelson and Ollie Maxwell report a great time at the Toronto convention of the Baptist-Young People. Young Nelson staged quite a sensational and patriotic "stunt" during the first days of the convention. It all came about by a Canadian delegate presenting a challenge to the U. S. delegates for a match game of baseball. The offer came as a surprise and according to the local boys no one knew what to do or say for some time. Said Richard Nelson: "As things were getting embarrassing for us and as no one seemed about to say anything, I got up in the convention and in behalf of the United States accepted the challenge of the Canadian. We pulled the game off all right and after 16 innings we beat the Canadians by a score of 1 to 0. It was not as good a game as the score would indicate. It was our pitcher that did the work. To show there were no bragg players, I was counted good enough to play second base for our boys."

Young Nelson said that there were only 3 delegates present from south of the Mason and Dixon line, but that Michigan had 400, and Illinois about 200, while many of the other northern states had large delegations. The boys went from Toronto to Montreal and Quebec, and returned by way of Detroit driving new automobiles through the country to Albany.

A. T. Beaty, who is suffering from fever, is reported better.

Rural Brothers is now able to be up, as is also Mack Murphree, who has had fever and a severe attack of rheumatism.

E. F. Wilson, of the blacksmith shop lost several days this week on account of illness.

H. H. Jones, who has been sick with bronchitis at his home in West Decatur, has returned to work in the machine shop.

L. G. H. Safley and family left this morning for East Tennessee, where they will visit relatives.

Mrs. George W. Broadway is slightly improved, after a long illness.

M. C. Giles continues ill at his home in West Albany.

WEEVIL REPORT WILL BE PROBED

CHAMBER OF COMMERCE WILL ASK INVESTIGATION OF COTTON PESTS.

The Albany Chamber of Commerce will start an investigation on the report that the boll weevil is at work in this section, according to an announcement of the Secretary-Manager this morning. The cotton crop in this section is exceptionally good as compared with other communities, and it is the desire of the Chamber of Commerce that nothing shall arise to decrease the crop in the slightest degree. If the report is true, the Chamber of Commerce will ask state authorities to send a man to this section for the purpose of stamping out the weevil.

HITS AND MISSES

By BARRETT SHELTON

Will Ty repeat? This stares fadom in the face. The answer is very doubtful. Of course the "Georgia Peach" is going in at a terrific clip but the whacking Babe, Traveling Tris and Georgie Sisler have a lead that can only be brought down with an accident. Should Tyrrus take a notion he might "get" Mr. Sisler who covets in a valiant fashion around the initial pillow but the second question is what shall he do with the speed kings that hang out in the gardens. Ruth and Tris both are strongly situated in the land beyond the dirt and the quable over the infield fly bothers them not. Babe might go to the box again then Ty will have his chance. Speaker is only to be disposed of by the stick work.

You can hand this dope out however and that is to stay ahead of the Georgian means that the sticker must wallop far beyond the 380 register. Ty has just recovered from a badly sprained knee.

Back of the sandlots and outside the baseball ring, into the bloody arena housing the battered pigskin the scribes will soon begin, to roam.

Albany-Decatur will hand the dopsters one better by getting on in fast fashion. The old Albany High Purple Tiger is again stalking forth after a wintry year in his liar and is getting into shape to sink his claws into the hide of those that invade the sacred ground defended by the Tiger.

The old backfield will not be seen in action again this season although they made many a combination halting from the Nitrate Cities and the Madison County Capitol quail as the line was smashed by the local backs; Carr, Alexander, Royer and Ling.

If the football material of the Nitrate country is anywhere near they had better begin to gather for they

have a worthy foe coming to call on them and only a super human effort will prevent the locals from pasting them on the right side of the score. Old D. A. C. will also show her claws this year. Coach Dobbins will train his men carefully long before the season is officially ushered in. These neftys will handle those that are to big to take a beating at the hands of Albany High and the two will have winning crews that won't know defeat.

The "Flying Dutchmen" will be the chief object of the Albany Tigers for the last game of last season went to them when Carr and an end were both "busted" in the thick of the fray. Coach Templeton will be in charge of the fighters representing Albany and is busy with the midnight oil planning an offensive hither to covered in the Twin Cities.

The Yanks and the Reds returned sadder and a wiser gang last week, after each had tasted the bitter dregs of defeat. The Yanks will have to go some if they expect the Cleveland Indians to miss a chance at the rag. The Ohioans will be the big show all around if Cincy and the Indians come through with the hunting with Harding and Cox fighting it out on the line all summer. The Buckeye state will probably remove the capitol of the United States into Redland after November. The Yanks are heavy with the willow for they have Bodie, Pecknaph, Meusel and Ruth all putting em away over the fence and the heavy artillery is always displayed when the hassocks are covered a with erring Yanks eager to round the someward path. The Indians, however, have a hurling staff and also a batting staff that is hard to outclass. Cleveland leads the American in batting and fielding with the Yanks land-

ed fifth in each instance so what hopes can the Yanks cling to. Manager Huggins only wishes for a slump in the Indian war clubs.

"Dutch" Mitwede is still frailing; H— out of 'em down near Rome and his team is sure to land a berth near the entrance at the present drive which they have undertaken. Dutch gets his blow every day and is playing in form around third.

The British are busy butting around trying to win a cup from the United States and Sir T. Lipton is commended for his great sportsmanship because he didn't want to accept a race from the American Skipper after the Resolute had suffered an accident. Sir Thomas had better hang on to them any way he can get them if he expect to "come back" if he has any "come back" dawning.

Lipton has challenged and rechallenged but he has been unable to cop in any event. He is like the century plant and appears only once a hundred years in full bloom. Maybe the British nobleman had better leave it to the Thomas, Jr.'s, if he wishes to show any form.

Didn't Care What Happened

"I became a physical wreck from stomach trouble and was a fit subject only for the operating table or graveyard. Being discouraged, I gave way to drink, which made things worse. CHURCH OF CHRIST MINISTER SPEAKS ON 'THE CHURCH'

Seeks to Have Institution Appreciated as Revealed in the Scriptures.

PURPOSE OF DISCOURSE TO EXALT THE CHURCH Called the Church of God in New Testament, Speaker Points Out.

After a stay of a few days at home J. Petty Ezell, minister for the Jackson St. Church of Christ will continue his revival work in Tennessee, where for the last ten days he has been preaching special sermons. Sunday morning Mr. Ezell spoke to his own congregation, from Col. 1:18, on the subject of "The Church".

In the outset the preacher said that the purpose of his discourse was to exalt the church and to seek to have it seen and appreciated as revealed in the Scriptures.

Mr. Ezell said in part: The only Church in which I am in the least interested is the one revealed in the scriptures. Of this church and no other do I claim or desire to be a member.

Jesus Christ bought the Church (Acts 20:28) "Gave himself for it" (Eph 5:25) and had a legal as well as divine right to call or name it according to his pleasure. For this, he was eminently fitted, being of sound mind and accurate in his judgment. In the goodness and providence of God and according to God's eternal purpose, he made his will. The New Testament, confirmed it by his death and that will, or testament though it were but a man's covenant yet when it hath been confirmed none can make it void or add thereto or subtract therefrom without bringing himself under the curses of condemnation revealed therein Gal. 3:15; Cor. 4:6; Gal. 1:7-9; Rev. 22:18-19.

Then what he called or named the church we should call and name it. In his will, The New Testament, he calls the church, the Church of God, 1 Cor 1:1-2; Gal 1:13 etc.

This is the church of which I'm a member and this is what I call the church. He calls it again my church and when considering a plurality of local congregations the Churches of Christ (..... 16:18; Rom 16:16) But the Church of God and the Church of Christ is one and the same institution for Jesus says Jno. 17:10, speaking to his Father "All things that are mine are thine and thine are mine". Like this the Gospel of Christ, Rom. 1:16 and the Gospel of God Rom. 1:1 is one and the same gospel. He calls it the Church of Lord (Acts 20:28). Peter says Christ is Lord, Acts 2:36. Their Church of Christ and Church of Lord is one and the same thing. Again he calls it the church of the first born (Heb. 12:23) Paul says Christ is the first born Col 1:18.

Then Church of God, Church of Christ, Church of God, Church of first born is one and the same.

He calls it again the House of God I. Tim. 3:15; and again "the church, the body," Col 1:18.

The church is God's house and God dwells in His House and in no other house, (Eph 2:22).

How wonderful then and what glory to dwell with God in his house, which is his church, Jesus Christ, God's son, is head of this house, this church Col. 1:18; Eph 1:22; 4:15; 5:23 and not the head, but the great high priest over the house of God, Heb. 10:21 and you and I by the great love which the Father hath bestowed upon us (I. Jno. 3:1) are simply children in God's house with Jesus as our elder brother with God as our father and more-over he hath made us—You and I alike, to be kings and priests, I. Pro 2:5; Rev. 1:6.

The Spirit that fills it (Eph. 2:22) also reveals its glory.

The purchase price, Christ's blood reveals its glory (Acts 20:28) The blessing and protection it offer to all men without respect of men's persons reveals its glory.

God's word is the seed of the Kingdom, Luke 8:11; I. Pet. 1:23. When sowed in men's hearts by Peter,

Paul, Jas, John, etc. in the first century believed and obeyed upon men's part made the Christians, members of Christ's church and though Luther, Wesley, Calvin, Campbell and others had never lived, today if this same seed in its purity as revealed in God's word, should be sown in men's hearts believed and obeyed from their hearts it would make of you and me exactly what it made them—Christians, members of the New Testament Church. If we plant a plot in wheat or corn and the crop matures and a grain or ear of this wheat or corn is secluded from light, warmth or moisture and after space of a thousand years, it should be discovered and planted by men, it would make wheat or corn as the case maybe. The same is true of God's word.

This church is not only God's house but the scriptures claim it to be the pillar and ground or stay or support of the trust (I. Tim. 3:15) that "Through the Church" (Eph. 3:10) the gospel might be proclaimed the hungry fed, the widows and orphans visited, the naked clothed.

The Bible claims this to be the multiplied wisdom Eph. 3:10.

Former Resident to be Interred Here

FUNERAL SERVICES FOR C. G. LAWTON TO BE CONDUCTED TOMORROW AFTERNOON

The remains of Charles G. Lawton, a former resident who died Sunday at Alexandria, La., will arrive here this afternoon at 3 o'clock. Funeral services will be conducted tomorrow afternoon, the exact hour not having

been determined. Winona Council, Junior Order, of which the deceased was a charter member, will be in charge.

Mr. Lawton, who was a saw-filer and mill wright, made his home here until about fifteen years ago, when he moved to Louisiana. He has many friends in the Twin Cities, to whom the news of his death will come as a great shock. Surviving relatives are his wife, one son, Nelson Lawton and two daughters, one of whom resides in Michigan and the other in Chattanooga, Tenn.

CALLING MEETING

Rising Sun Lodge No. 23 A. F. & A. M. will meet tonight at 7:30 o'clock at Knights of Pythias hall, Decatur, for work in E. A. Degree. All Masons cordially invited.

Firestone Cushion Truck Tires

Many truck tire problems in many lines of business are answered by Firestone Cushion Tires.

They have added cushioning power needed for proper protection to your load and truck. They have the wearing strength needed for maximum mileage.

12% to 27% More Rubber

Firestone Cushion Tires have a greater volume of material. That is one reason why they ride easier. It is obvious, too, that this means longer wear. The extra wide tread provides approximately 20% more area of road contact—giving firmer traction under all conditions.

300% More Efficient in Heat Radiation

Overheating is a common danger to truck tire equipment. But Firestone engineers have evolved this special Cushion shape that lessens the strain through a different flexing of the rubber and gives a greater surface for heat radiation.

Any Truck Immediately Equipped

Firestone Cushion Tires are built to fit any S. A. E. base. No wheel changes necessary. The nearest Firestone truck tire dealer can apply them to your trucks and trailers without delay or added expense.

If you want resiliency plus extra-long wear, and if you want the practical economy of most miles per dollar, put on Firestone Cushion Tires. Made in all sizes.
